ADVENTURES IN ART

For 3's and Young 4's Students

This exciting enrichment class will unveil your child's inner Van Gogh! Students will explore the seven elements of design: line, shape, color, space, form, texture, and value. Your child will create and develop their own original works of art. We'll provide the inspiration, materials, and techniques to expand your child's creativity and knowledge of the world of art. We'll ignite your child's imagination, develop artistic techniques, build fine motor skills, language, and encourage self-expression through art! Classes will feature painting, sculpture, drawing, printmaking, mixed media, and more! If your child is in a 3's or Young 4's class, he/she can participate in this class!

◀ Class Time: 12:30-2:30pm on Wednesdays

Each class begins with 30 minutes of gross motor activity to give children the ability to concentrate during class.

Children will not have a nap opportunity during this class.
